SCREENSHOTS

Anudip Foundation helps transform lives by providing aspirational livelihoods through digital inclusion in emerging economies. We are a nonprofit company with operations in India and USA. Anudip Foundation empowers & motivates young job aspirants from difficult backgrounds since 2007. This is what we do & we even help the youth with digital skills through our skill development program.

WHY ANUDIP?

Our impact is our only differentiation. "Life. Transformed." – the key essence of our brand is present in all our initiatives, offerings, communications, and experiences and drives us to humanize this unique message to benefit all our stakeholders. Anudip Foundation is an emblem of connection between the underprivileged and livelihood; a strategic resource for employers and a trustworthy enabler of economic growth. We offer aspirational livelihoods to socially marginalized people by skilling them at our 90+ skill and career development centres. As one of the partners running the NSDC approved courses, Anudip Foundation has been successful in empowering the youth and women.

WHAT WE DO?

Anudip Foundation beneficiaries, youth and women, are from high-need, marginalized communities; they may be religious minorities, tribals, political refugees, people with disabilities or victims of trafficking. Recognized as an NGO for women and needy, Anudip leads its beneficiaries through a process of continuous improvement, in-depth and diverse training and continuous mentoring at the various skill development training centres across India. As a CSR Implementation Partner for corporates like Accenture, JP Morgan, Capgemini, Wells Fargo, Unilever, Citit, HSBC, Cisco, ITC, ICRA and others, we create digital livelihoods for marginalized youth, vulnerable women and the needy across emerging economies. Each year hundreds of individuals choose ANUDIP as their NGO for volunteering and consider us as a best NGO to donate in India with an aim to transform lives. Anudip is a strategic employer partner of iMerit Technology Services, Capgemini, Amazon, Accenture, IBM, Wipro, Atos Syntel, Tata Consultancy Services, Infosys, Writers Information, Genpact, HCL, and others with its stellar placement record stemming from its training programs being tailored to the actual needs of employers, as well as to students' career aspirations.
